

1. At a restaurant downtown, Mr. Red, Mr. Blue, and Mr. White meet for lunch. Under their coats they are wearing either a red, blue, or white shirt. Mr. Blue says, "Hey, did you notice we are all wearing different colored shirts from our names?" The man wearing the white shirt says, "Wow, Mr. Blue, that's right!". Can you tell who is wearing what color shirt?

Question 2-3. During the break of one week after the exams of a school, the batch of 250 students decides to spend the entire week by watching movies. There are five movies that have been recently released and every student watches at least one movie. Further, at least three students watch any given combination of movies. The movies released are *Incidence*, *Where IS Little Lulu*, *Drop Out*, *To Hear Is Sin* and *Dead Immortals*

2. If every film is watched by 120 students, at least how many students watch at most two movies?

A. 55 B. 56 C. 101 D. 112 E. None of these

3. What is the maximum number of students who can watch all five movies, given each movie is watched by 200 students?

A. 150 B. 153 C. 177 D. 167 E. None of these

Questions 4-6:

Parag flew to five different cities, one city each week by a different airline each time. Each trip he chatted with the person next to him and no two people he talked to were in the same profession.

For three consecutive flights: Parag flew with Indian Airlines, sat next to a teacher and flew Mumbai, in that order.

Parag sat beside a sports coach on a flight earlier than the flight that he took to delhi

He flew with Air Deccan before his trip to Banaore, which was before the trip where he sat next to Software Engineer.

It wasn't on the trip to Indore where Parag sat next to the doctor.

Parag didn't fly Kingfisher on his trip to Delhi and he didn't fly Indian Airlines on the trip where he sat next to a sports coach.

Mumbai was not Parag's destination on the trip where he was seated next to Software Engineer.

The Jet Airways flight was exactly two weeks before the flight in which Parag chatted with the lawyer. Parag also took Sahara Airlines for one of his trip and went to Chennai and Indore as well.

4. Which of the following correctly matches for Parag with his destination, Airline and Date?

A. Mumbai-Indian Airlines-Week 1

B. Delhi- Jet Airways-Week 4

C. Bangalore-Sahara-Week 2

D. Chennai- Indian Airlines-Week 1

E. Delhi-Air Deccan-Week 2

5. What is the profession of the person seated next to Parag on the flight immediately before the 4th week?
- A. Sports Coach B. Teacher C. Lawyer D. Software Engineer E. Doctor
6. Which of the following matches is false?
- A. Kingfisher-Lawyer B. Software Engineer-Delhi
- C. Sahara-Doctor D. Week 3-Air Deccan E. None of these
7. **Cannibals ambush a safari in the jungle and capture three men. The cannibals give the men a single chance to escape uneaten. The captives are lined up in order of height, and are tied to stakes. The man in the rear can see the backs of his two friends, the man in the middle can see the back of the man in front, and the man in front cannot see anyone. The cannibals show the men five hats. Three of the hats are black and two of the hats are white. Blindfolds are then placed over each man's eyes and a hat is placed on each man's head. The two hats left over are hidden. The blindfolds are then removed and it is said to the men that if one of them can guess what color hat he is wearing they can all leave unharmed. The man in the rear who can see both of his friends' hats but not his own says, "I don't know". The middle man who can see the hat of the man in front, but not his own says, "I don't know". The front man who cannot see ANYBODY'S hat says "I know!" How did he know the color of his hat and what color was it?
8. How will you measure exactly nine minutes using two sandglasses timed to seven and four minutes respectively?
9. You throw away the outside and cook the inside. Then you eat the outside and throw away the inside. What did you eat?
10. What can you catch but not throw?
11. What goes around the world but stays in a corner?
12. The man who invented it doesn't want it. The man who bought it doesn't need it. The man who needs it doesn't know it. What is it?
13. How will you express 13th February 2014 using five characters, but without using numbers?
14. Pronounced as one letter,
And written with three,
Two letters there are,
And two only in me.
I'm double, I'm single,
I'm black, blue, and gray,
I'm read from both ends,
And the same either way.
What am I?

In each of these puzzles, a proverb is written with exactly one letter of each word replaced with another. Can you figure out what the original proverb is?

15. Take hat white she sin whines.

16. Ale's tell chat ands welt.

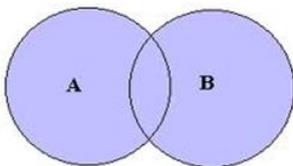

The following are picture based riddles. All the necessary clues will be present in the picture itself. Solve them as best as you can!

17.**

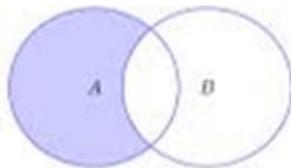

8,11,6,12,4,1,9
Ans???

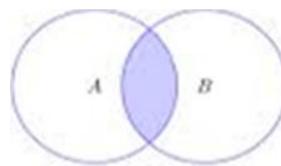

18. $A + B$

$A - B$

$A \cdot B$

19. ***

$$6 - 3 + 4 =$$

$$8 - 1 =$$

$$6 - (3 + 4) - 7 =$$
